

## Enforce remote worker safety and reduce corporate liability with...

### ... TotalMobile Compliance

**Compliance** is an enforcement application that provides organisations with a way to ensure and document that their workforce adhere to policies and procedures.

#### *Features*

- Keep mobile workers up to date with corporate best practice
- Periodical reminders ensure workers carry out routine safety checks, read manuals and inspect vehicles
- Context sensitive messages ensure workers approach specific situations and occurrences appropriately and safely
- Creates logs of all messages viewed by workers with acknowledgements generated if required
- Works as an independent application and in conjunction with other TotalMobile applications for enhanced functionality

#### *Benefits*

- Improve lone worker protection
- Meet your duty of care responsibilities among remote workers
- Remotely enforce compliance with procedures
- Reduce corporate accountability by automatically documenting all duty of care actions

**TotalMobile Compliance** runs on Windows Mobile devices and integrates seamlessly with back office systems and databases - complementing your existing IT infrastructure.
